COURSE DESCRIPTION

Available for all grades from kindergarden to highschool

- Available online
- Aligns with The Associated Board of the Royal Schools of Music levels (ABRSM)
- Includes instruments from across the globe
- Pairs students with instructors from the US and abroad - Mentor program
 - sliding scale for one-on-one lessons (variety of prices)
 - vetted mentors
 - flexible hours for online mentor lessons
- Helps reach communities with less access to instruction
- Universal practice session video library
- Provides a pathway to music degrees at 4-year colleges
 - Transferable college credits

Everything you need for every student's musical module

- 1 Funded through textbook streams
- 2 Ability to organize the program by one coordinator - so it can run as an official or fulfillment course.
- 3 Integration of technologies not available in other on-line lesson platforms with full support for scheduling, payment etc.
- 4 A leveled curriculum associated with ABRSM that keeps students and instructors from guessing about progression - and motivates students.
- 5 Encourages all students to prepare for solo/ensemble festival through work on solos each semester.
- 6 C4E level-up evaluation as well as preparation for ABRSM performance certification, if desired.

STUDENT-FOCUSED

MENTORS

Who is a Mentor?

A mentor is someone who you can choose to use as your online coach. You may browse our mentors who are artists with significant professional experience, college and university faculty, and community members with experience as teachers who are there to help you.

Mentor Pool

The mentor pool is designed to offer an affordable way for students to have access to one-on-one and group mentoring sessions scheduled on their own time and from the location that they wish.

We encourage you to examine the variety of offerings in the mentor pool and consider supplementing your work with mentor sessions.

THINGS TO LOOK FORWARD TO:

Multiple instructor videos for every level

An expansive video library

- Focused practice sessions
- Sessions by topic
- Warm-up and techniques
- Comprehensive practice sessions

Exciting plans to expand C4EStudio
